

As PHDEC is facilitating all the stakeholders in the process of Mango Export to USA for commercial consignments, a filled template is being placed on the website for convenience of those exporters/growers that may be facing difficulty in understanding the documentation involved.

However, this template should not be taken as a complete document as the required documentation has to be prepared in line with the actual dimensions of your box and fruit therein.

### Template to Fill Box and Fruit Information

<b>Box Information:</b>	
Outside dimensions:	
Length (cm):	29
Width (cm):	23
Height (cm):	9
Total box volume (cm <sup>3</sup> ):	6003
Number of packages that will fit in a 24 inch x 20 inch space:	4
Average number of produce per box:	6
Expected gross weight of each box (g):	3000

<b>Fruit Information:</b>			
	Minimum	Mean	Maximum
Length (cm):	13	14	15
Width at the thickest point (cm):	7	7.5	8
Weight (g):	400	450	500
Density (g/cm <sup>3</sup> ):	0.7995	0.7275	0.6631

<b>Packing Information:</b>
Please provide the following photos:
1. A top view of an open box of produce packed as they will be for shipment to the USA.
2. A side view with the box partially cut away that shows the orientation of the

produce in the box.
3. A view of packages arranged as they would be to fit in a 24 inch X 20 inch in space.
